

RENTAL SOLUTIONS

WORKING TO KEEP YOU UNSTOPPABLE

JETSTREAM WATERBLASTER RENTALS

Easy to use, easy to convert and easy to rent

FS Solution centers are full-service Jetstream rental outlets*. Choose from 170, 325 or 600 horsepower units. Jetstream rentals are easy to use, easy to maintenance and have the ability to convert from 10K to 20K and 40K PSI pressures.

You can pick up the unit(s) or have FS Solutions deliver right to your jobsite. We also stock parts and accessories, and provide same day nozzle drilling. Even more important, we offer our water blasting safety training with every rental.

Renting lets you "try before you buy," and our rent-to-own program allows you to apply a portion of the rental fees towards your final purchase price.

X3600 Series	170 HP	Pressure (psi)	6,000	7,500	10,000	12,500	15,000	20,000	30,000	40,000

RENTAL SOLUTIONS

SO MUCH MORE THAN A PIECE OF EQUIPMENT

The Parts You Need

FS Solutions centers stock thousands of parts for all makes and models of industrial vacuum trucks, water blasters and vacuum excavators. and FS Solutions is the authorized genuine OEM parts distributor for Jetstream, Guzzler, Vactor HXX and Westech. Parts are available at nationwide locations for pick up or quick shipment.

Training Solutions

FS Solutions' training curriculum includes performance and compliance training from a Certified Environmental, Safety & Health Trainer (CET). Classes range from a few hours to several days, either online, at your site, or at one of the conveniently located FS Solutions Centers. Courses range from operator training to advanced classes for supervisors and managers. There is also a complete curriculum of compliance training courses required by OSHA.

TEN GOOD REASONS TO RENT FROM FS Solutions

Minimize Costly Breakdowns - Fleet includes newer reliable equipment that is well maintained.

Get Your Job Completed More Efficiently - We rent only industry leading brands using the most innovative technology.

Reduce Maintenance Costs - Though rental agreements request you perform routine maintenance on the equipment, FS Solutions can provide that service to you at one of our locations.

Eliminate Storage Costs - No need for a storage yard. Just call for quick pick-up or drop off the equipment at the nearest FS Solutions center when done renting.

No Capital Investment - Renting frees up your business' capital. An expense is only incurred for the equipment when it is needed for a job.

Increase Your Borrowing Power - Renting equipment does not appear as a liability on your business' balance sheet. Renting can create a better ratio of assets to liabilities.

No Equipment Obsolescence - Renting from FS Solutions allows you to use the latest equipment without costly depreciation or working with older, worn equipment.

Try It Before You Buy It - If you are considering buying a piece of equipment what better way to try before you buy then renting.

Supplement Your Core Fleet - Job requirements change and you may not have the right equipment available. FS Solutions can supply and support the additional equipment you need.

Expect Responsive Service - Our team can consult on equipment and applications. We will work to make your job easier and are always just a phone call away.

If you require a unique piece of equipment for a specific contract or you have a short-term or seasonal contract that doesn't justify the purchase of a piece of new equipment - no problem. FS Solutions has a fleet of over 400 units to select from for short or long term rental.

Long term rentals can be structured to offer convenient rent to own options applying a significant amount of rental fees towards the purchase price.

THE FS SOLUTIONS RENTAL ADVANTAGE

- 12 OEM branches within the USA
 - Units immediately available
 - Parts warehousing at each branch
- Factory training available with each rental
- Average rental unit is less than 2 years old
 - Over 400 units in fleet
