

GuzzlerGrip™ Nozzles

These nozzles are designed to make industrial cleaning easier and safer. The productivity-enhancing nozzles feature sturdy, ergonomic handles to minimize operator fatigue and back strains. Angled nozzle ends also improve vacuuming efficiency.

Easy-Lift Nozzle

All-purpose vacuum nozzle is lightweight and ergonomically designed to reduce fatigue and increase productivity.

Part No.	Description
49469	6" (152 mm) Aluminum
49470A	6" (152 mm) Aluminum vacuum nozzle replacement head for 49469
49469A	4" (101 mm) Aluminum
49470B	4" (101 mm) Aluminum vacuum nozzle replacement head for 49469A
49586	Hand grip used with 49438C

Backbone Nozzle

The backbone nozzle offers the same features as the Easy-Lift Nozzle, but is designed with a replaceable vacuum hose supported by a curved "backbone."

Part No.	Description
49577	6" (152 mm) Aluminum
49585	6" (152 mm) Aluminum vacuum nozzle replacement head for 49577
49577A	4" (101 mm) Aluminum
49585A	4" (152 mm) Aluminum vacuum nozzle replacement head for 49577A
49586	Hand grip

The backbone nozzle keeps the operator away from the plastic hose opening and allows better control while vacuuming.

Long-Reach Nozzle

The long-reach nozzle is used for hard-to-reach and/or unsecured areas, such as around conveyers or under machinery.

Part No.	Description
49572	4" (101 mm) Aluminum
49572A	4" (101 mm) Steel
49572B	6" (152 mm) Aluminum
49573E	6" (152 mm) Aluminum vacuum nozzle replacement head for 49572B
49574	Fiberglass handle, 1-3/4" (44.5 mm) (Fig. 1)

Fig. 1

Handle is 69-5/8" (1768 mm) long with rubber grip. Additional handles can be attached.

Shovel Nozzle

Part No.	Description
49575	4" (101 mm) Aluminum shovel with fiberglass handle (Fig. 2)
1280389	6" (152 mm) Steel, flat head shovel (Fig. 3)
1280389A	4" (101 mm) Steel, flat head shovel
49574	Fiberglass handle, 1-3/4" (44.5mm) (Fig. 1)

Fig. 2

Designed for a wide range of applications, the lightweight aluminum shovel nozzle allows you to loosen stubborn materials and vacuum at the same time.

Fig. 3

The flat shovel nozzles are your best choice when vacuuming clumped materials off flat surfaces and digging areas.

Pit Cleaning Nozzle

The pit cleaning nozzle has a crowned steel end to dislodge any packed or hardened material when vacuuming from pits or manholes.

Part No.	Description
504073	6" (152 mm) with fiberglass handle
49574	Fiberglass handle, 1-3/4" (44.5mm) (Fig. 1)
49472A	6" (152 mm) Aluminum vacuum nozzle replacement head for 50473

Production Nozzle

Offset sized tubing allows the nozzle to fluidize the material with airflow.

Part No.	Description
1280078	4" (101 mm) Aluminum
1280080	4" (101 mm) Steel
1280079	6" (152 mm) Aluminum
1280081	6" (152 mm) Steel

Bulk Nozzle

Straight shot for general vacuuming.

Part No.	Description
1280090	4" (101 mm) Aluminum
1280092	4" (101 mm) Steel
1280091	6" (152 mm) Aluminum
1280093	6" (152 mm) Steel

Floor Nozzle

Wide transition for floor vacuuming.

Part No.	Description
82014	4" (101 mm) Aluminum
1280726	4" (101 mm) Aluminum w/ wheels
1280084	4" (101 mm) Steel
1280667	6" (152 mm) Aluminum w/ wheels
1280083	6" (152 mm) Aluminum
82014A	6" (152 mm) Steel
