CODE - HYDROVAC

The Westech Code Hydrovac is one versatile unit! Featuring TC 407 Code certified debris capacities to 62 Barrels, water capacity up to 1,200 US Gallons, Vacuum System up to 5,250 CFM, and water pressure up to 3,600 PSI. The standard extendable boom enhances the versatility of the unit to complete hydrovac applications.

STANDARD FEATURES

- 28" Hg Vacuum System
- 6" Diameter Vacuum System
- Hydraulically Raising Offload
- Industrial Grade Controls
- Heated Water Pump Compartment
- Heated Transport Compliant
- Rear Door Discharge and Suction Valves
- Glycol Winterization
- 20 GPM @ 3,600 PSI Wash System
- Epoxy Coated Water Compartment
- Diesel Blower Flush System
- Body Vibrator
- 6" Loading Boom
- Cross Cabinet Water Compartment
- 2,650 CFM Vacuum System

ENHANCED VERSATILITY

The Code-Hydrovac enhances the user's versatility by combining the Code-Combo industrial cleaning machine with a hydrovac allowing completion of industrial jobs requiring hazardous material hauling while also completing standard hydrovac applications.

BUILT FOR THE HARSHTEST CONDITIONS

Westech units have been operating in some of the harshest environments for over 30 years. We've learned how to build equipment that will thrive in these conditions, offering a variety of different features such as heated compartments, heated valves, heated water lines, to meet all climate conditions.

AVAILABLE AS TRI-DRIVE
