

Honoring Your Loved One

Nevada Donor Network's courageous donor families often seek ways to honor and remember their loved one. These opportunities include:

Share

Share your loved one's photo and story on our website. Visitors feel inspired knowing more about the heroes who have made the most precious gift of life and health possible for those in need.

Write

Many grateful recipients wish to know more about the hero who saved or healed their life. Families may choose to send a letter or card to their loved one's recipients, telling them about the hero who saved or healed their life. Please see reverse side of page for additional information about writing to recipients.

Volunteer

Courageous donor families are invited to join our Advocates for Life Volunteer Program, which includes the opportunity to meet and bond with other families, grateful recipients, and supporters of the cause. Together these advocates help spread the message about the lifesaving and healing gift of organ, eye and tissue donation.

Contribute

Your support can help us educate the community about donation and end the transplant waiting list. Financial contributions made in honor or in memory of a loved one can be indicated on the online contribution form.

Connect

Nevada Donor Network continuously honors heroic donors throughout the year in a variety of ways. Stay in the loop about upcoming events and opportunities to honor your loved one!

Writing to Recipients

Nevada Donor Network's Aftercare Program facilitates correspondence between courageous donor families and grateful recipients. These letters remain confidential and anonymous until both parties agree to exchange identifying information.

When writing to the recipients of your loved one's gifts, you may consider sharing some of the following information:

- ◆ Your loved one's first name
- ◆ What your loved one did for work/their occupation
- ◆ What brought your loved one joy in life (hobbies, loved ones, etc.)
- ◆ Where your loved one grew up or lived (please include the state only, not the city)

Please avoid sharing identifying information, including:

- ◆ Avoid sharing your full name or your loved one's full name (please include first name only)
- ◆ Avoid sharing your address, city, email or phone number
- ◆ Avoid sharing the hospital or physician's name/location

In addition to your letter, please include a separate piece of paper with your full name, your loved one's full name, and the date of donation. This information is for our team only and will not be shared with the recipient. Mail this along with your letter to:

Nevada Donor Network
Attn: Aftercare
2055 E. Sahara Avenue
Las Vegas, NV 89104

Once we receive your letter, we will review and forward it to organ recipients via their transplant center. If your letter is returned to us for any reason, we will notify you. Please note the process for sending letters to tissue recipients requires the recipient to write first. Rest assured we will hold onto your letter and forward it once the tissue recipient sends a letter.

Your loved one has given the most precious gift of life and health, so please be patient if it takes time for recipients to put their gratitude into words. For additional questions or assistance, please contact us:
