

HOLD MOISTURE SUCCESS FOR LAWNS

SEED COVER AND SOIL CONDITIONER

BLEND:

Composted Forest Material, and Canadian Sphagnum Peat Moss

SIZE OPTIONS:

- 2 CU (52 bags per pallet)
- Bulk (4 yd. minimum - varies by region)

BENEFITS:

- High-quality ingredients
- Effective soil conditioner that prepares lawn areas for seed or sod
- Provides perfect seed cover for new lawn seedings
- Ideal for top dressing planting areas in the garden
- Finer smaller particles than our Planting Mix

BEST USE:

LGM "Success for Lawns" is the only product needed for both conditioning and covering. It can be used as mulch to ensure ideal growing conditions for stolons and runners. It makes your soil a higher quality product, that lasts longer with the right pH needed for your lawn. Using grass clippings can increase unwanted weeds, and may need additional soil amendments. Your lawn will need extra care and LGM "Success for Lawns" has the best density that will stimulate lawn roots and provide warmth for new seeds. "Success for Lawns" inherently better the biodiversity and organic matter of your soil and is the best option, as it saves time, money, and labor.

APPLICATION USAGE:

Cover area with 1/4" deep layer

1 CF will cover approx. 50 sq ft. for seed covering/top dressing or mixing in the soil 2"-6" deep

1.5 CF will cover approx. 75 sq ft. for seed covering/top dressing or mixing in the soil 2"-6" deep
