

YOUR ULTIMATE INSURANCE GUIDE

1 AFFORDING ADDICTION TREATMENT

What do you do if you need and want professional addiction treatment, but you can't afford it? Acqua Recovery can promise you that hope is not lost. Here's how to afford the addiction treatment that you need.

2 HOW TO USE INSURANCE TO PAY FOR ADDICTION TREATMENT

Using In-Network Insurance

"In-network" means that the health insurance provider is contracted with the treatment program, so insurance may cover a larger percentage of expenses for addiction treatment.

3 USING OUT-OF-NETWORK INSURANCE

If an addiction treatment facility is out-of-network, it means that the program is not contracted with your insurance carrier, so you'll have to meet your deductible before your insurance company will cover any addiction treatment expenses.

4 PAYING OUT OF POCKET

Out-of-pocket costs are what you personally pay for healthcare services. Even if you don't have insurance, you can pay out of pocket.

5 YOU GET WHAT YOU PAY FOR?

Don't just look for a treatment facility that will keep out-of-pocket costs down; make sure to find a quality program that will truly help you heal and find recovery. You might not get a second chance.

6 ALTERNATIVE PAYMENT METHODS

Financial limitations and insurance red tape shouldn't prevent you from getting the help you need and deserve! We will work with you to find a payment method that works for you.

WHAT IS INSURANCE VERIFICATION?

The admissions team at a residential treatment facility can collect your health insurance information and verify it with your insurance carrier. This helps you find out whether you're in network and how much — if anything — you'll need to pay.
