

BESPOKE & INTEGRATION PRACTICE LEAD - .NET/D365

Role type: Permanent

Location: Birmingham / Work from home

Salary: Competitive

Utilising the whole Microsoft stack, the Bespoke & Integration Practice Lead is primarily responsible for leading the efficient and accurate design of end-to-end software solutions, specialising in C# .NET Web application and Azure Integration Technologies. This will require the Practice Lead to work alongside the Sales and Consultancy teams to support presales engagements, presentations and estimating as well as delivering engagements and transitioning knowledge into the Support team. The ideal candidate should be a .NET and Integration expert and act as a subject matter expert within the department. Demonstrable knowledge of D365 CE, SharePoint and Microsoft Data solutions is desirable.

Currently the company is operating on a hybrid working model, split between WFH, Crimson offices and travel to customer site as and when required.
