# making technology *human*

**boxxe** makes the global workplace habitable from a technological and human perspective. One does not overrule the other. They function efficiently and effectively together.

We believe in reciprocal adaptation: adapting technology to people and people to technology.

We aim to make organisations the best they can be through technology and by giving every person, wherever they are in the world, the confidence to use that technology to drive efficiency and effectiveness in every aspect of their working lives.

***How can we help to make you the best you can be?***

# Future-proof your world with our system assessment

Ensuring your organisations infrastructure matches modern demands is a challenge. No one solution is ever the right strategy for upgrading internal infrastructure. Find out what setup is right for you with our independent systems assessment. Our expert advice will help you develop a sound infrastructure strategy with unbiased recommendations for the right technology solutions for your whole organisation's network.

find the right solution with our **infrastructure strategy consultation**

**DISCOVERY** tools implemented by our specialists analyse your infrastructure for 30 days with a scope of your choice

**ANALYSE** research and verify the information gathered from your system and we recommend your ideal build

**REPORT** on our findings and we will create strategies for any required migration planning

### **ON-PREMISE TO PUBLIC CLOUD**

Our service will cover from VMware or Hyper-V to Azure, AWS, GCP

# Accelerate your organisation with our adaptable cloud migration strategies.

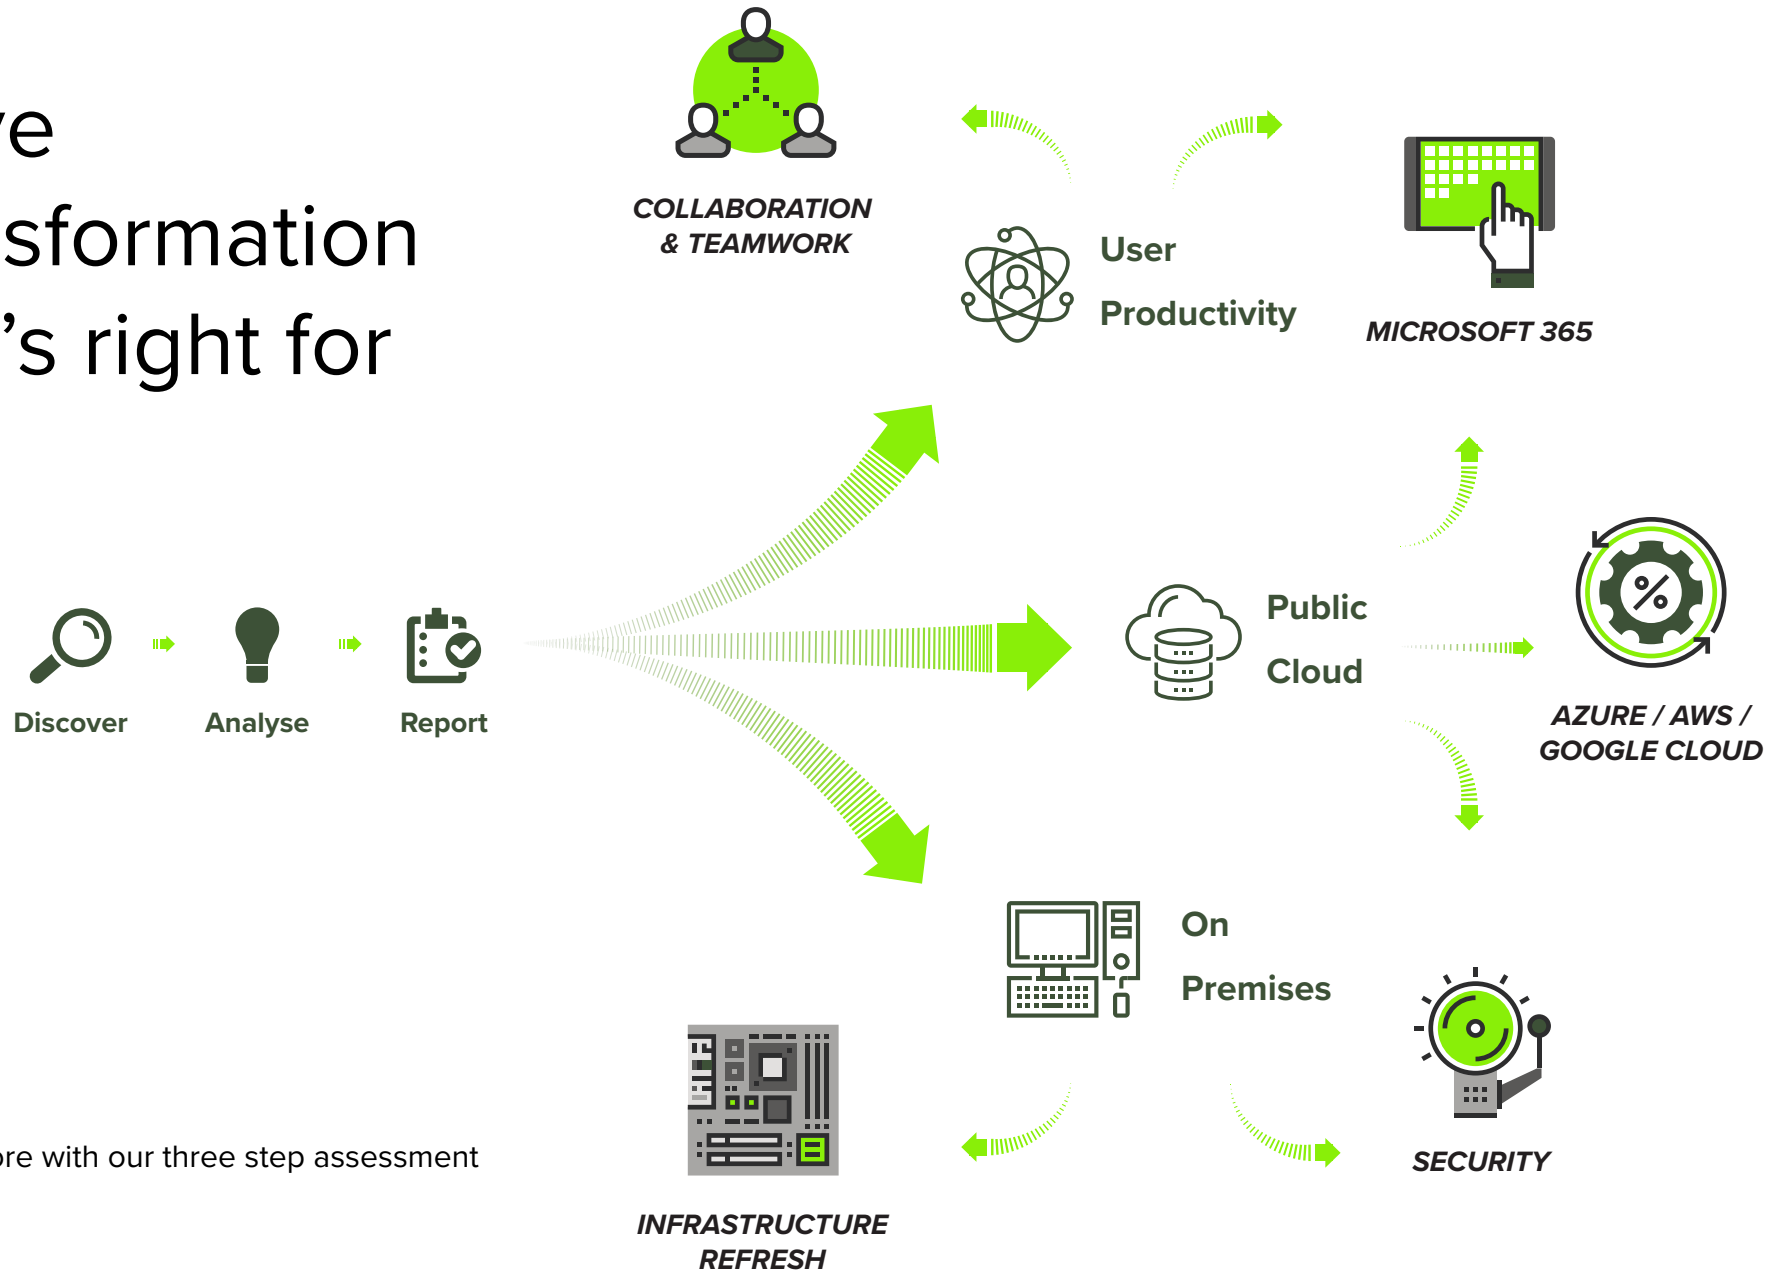

Our three step assessment process will investigate physical and virtual servers, network infrastructure, VDI and storage, as well as databases and web Apps for migration in a non business affecting discovery.

Our security cleared Solutions Architects will work with you to understand your organisations goals and overlay this onto a personalised plan.

From this data we can create the most economic strategy, taking account of current licensing with the scope and cost that is right for you.

# Drive transformation that's right for you
