

# KochaSoft's Learning Management System (LMS)

How we help enhance employee productivity and boost learning & development

**The Problem:** Students retain **25-60%** more material when learning online compared to only **8-10%** in a physical classroom.

**The Solution:** **KochaSoft** has created a fully customizable, agile LMS solution that educators can whitelabel and launch as their own to better serve their students.

## Premium Security

Registration, payment process and environment hosting based in the cloud.

## G-Suite Based Administration

Create & collaborate documents with students in real-time by leveraging the power of G-Suite.

**The Tech Stack:** Built on a premium suite of technology perfectly suited to the modern classroom or bootcamp environment:

## Virtual Communication for Classrooms

Keep connected with students via the Google Meet platform.
