

# DSRP Structures

4 simple rules composed of 8 elements, always present in every thought.

  
**DISTINCTIONS (D)**  
*identity – other*

We distinguish each thing from other things.

  
**SYSTEMS (S)**  
*part – whole*

We break things into parts and group things into wholes.

  
**RELATIONSHIPS (R)**  
*action – reaction*

We draw relationships between and among things.

  
**PERSPECTIVES (P)**  
*point – view*

We distinguish, group and relate things from a point of view.

## SIMPLE RULES

What distinctions am I seeing?  
 What distinctions am I not seeing?

What systems am I seeing?  
 What systems am I not seeing?

What relationships am I seeing?  
 What relationships am I not seeing?

From what point of view am I seeing things?  
 Which points of view am I not seeing?

## INFINITE COMPLEXITY

## DSRP Dynamics

4 simple rules composed of 8 elements, combined in infinite levels of complexity.
