WHY RENT?

You can supplement your equipment with additional rental options to keep your projects on time. Also, maintenance and service are not your responsibility - we'll take care of it!

WHY LEASE?

Leasing allows for affordable monthly payments that can reduce your annual tax burden. You can also upgrade your equipment without the significant upfront costs.

WHY US?

We provide **personalized solutions & services** to meet your needs and boost your business.

Try before you buy: Rent equipment with the latest technology to see if it fits your needs before you commit.

Manage your cash-flow with **low monthly payments.**

RENTAL SET-UP AS EASY AS 1-2-3!

- 1** Go to **leaseml.com** and find your product. Select the Availability Calendar icon and choose your timeframe. It will tell you in real-time if it's available!
- 2** A Millennium Leasing representative will contact you to go through your project scope to ensure no additional resources are needed.
- 3** Return your equipment upon completion of your agreement with a provided return label.

2-STEP LEASING

- 1** Go to **leaseml.com** and fill out the "Rent-to-Own" application to indicate which equipment is being requested and access the terms of agreement.
- 2** A Millennium Leasing representative will contact you to confirm your application and configuration prior to quoting.
