

MILLENNIUM®

**OUR
VISION
SUPPLIES
YOURS™**

THE MILLENNIUM EXPERIENCE.

PERSONALIZED SERVICE.

YOUR CLIENT-SUPPORT SPECIALIST SERVES AS BOTH AN ADVOCATE FOR YOUR NEEDS AS WELL AS THE CHAMPION OF THE ORDER PROCESS.

We strive to earn your business by providing dependable service by consistently exceeding your expectations, including:

- Understanding your needs and finding solutions to meet those needs.
- Owning the details and following through on each order.
- Driving communication so that your projects are completed on-time and within budget.

Here's how we work with you:

- Proactively update every order as it moves through the order process.
- Provide solutions when unforeseen problems arise; such as alternative sourcing options, expedited shipment needs, or assisting with delivery issues.

FLEXIBLE FINANCING.

WORK WITH US AND YOU CAN TAKE ADVANTAGE OF:

LEASE-TO-OWN OPTIONS for capital equipment.

FLEXIBLE PAYMENT TERMS that work within your cash flow.

EXTENDED TERMS for large projects.

CONSIGNMENT INVENTORY AND DEDICATED YARDS we'll work on creating the right solution for your inventory needs

STAGING MATERIALS AND INVOICING AS YOU NEED – ideal for projects so materials go right to the job site.

RENTAL EQUIPMENT at reasonable rates.

FAIR PRICING WITH ADVANCE NOTIFICATION of any price increase.

LOCAL INVENTORY.

LOCAL INVENTORY DRIVEN BY YOUR NEEDS, FOCUSING ON YOUR PROJECT'S TIMELINE.

We stock the products you need to support your business so that you have the right product options, on the shelf, when you need them.

Our local warehouses are set up to save you money by reducing inventory carrying costs and eliminating issues such as: shortages, overages or lost/misplaced inventory.

We can stage and release orders to meet your project's timeline. Our local delivery allows us to deliver materials next day/same day, whenever and wherever you are.

USING DATA TO DRIVE DESIGN & RELIABILITY.

Millennium Geospatial is the engineering and design arm of Millennium. We work with you to develop and deploy end-to-end broadband networks by providing scalable, engineered solutions.

FEASIBILITY STUDIES

Feasibility studies determine if the economics are right and act as a guide for where and how to build.

GEOSPATIAL ENGINEERING

Advanced Geographic Information System (GIS) mapping technology specifically tailored to network design and construction. Our software platform provides geographic and spatial intelligence views into network planning and design. Identifying and leveraging GIS data helps you achieve profitability faster.

RECORDS CONVERSION

Records conversion using innovative software technology and data analytics to update and convert existing records and integrate them into a single platform. We'll dissect the data to identify areas that will require future maintenance and redesign, track existing and potential outages, and plan for future growth and technologies.

CONSTRUCTION SUPERVISION

A streamlined, no finger-pointing approach to construction supervision and project management.

MILLENNIUM SUPPLIES MATERIALS FOR YOUR PROJECT NEEDS.

MATERIALS

WHAT YOU NEED,
WHEN YOU NEED IT.

PERSONAL
ATTENTION

As a trusted partner, we invest and stock a breadth of inventory to support your business needs so that you have the right product options, on the shelf, every day.

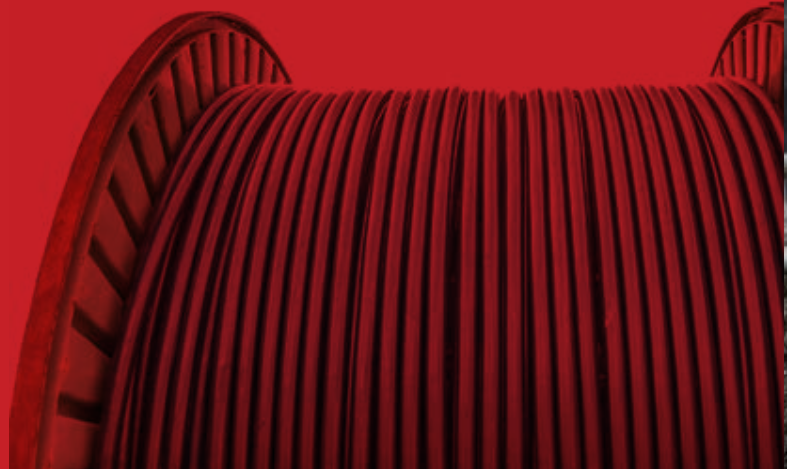

Just-In-Time Inventory Solutions with same day/next day shipping options and local delivery services available.

We can specially order any product from any of our 250+ vendor partners.

Headache-free service to keep your projects on time and on track.

YOU NEED IT NOW. WE GET IT.

Our commitment to locally warehousing inventory allows you to save money by reducing inventory carrying costs, eliminates issues such as shortages, overages, and lost/misplaced inventory. In addition, we proactively manage your inventory so you don't have to.

EQUIPMENT RENTALS & LEASING.

WHEN FINANCIAL PERFORMANCE IS AS CRITICAL AS NETWORK PERFORMANCE. When you work with Millennium, you can experience totally customized support. That includes financing options. We understand how important it is to maximize cash flow without sacrificing performance. We'll work with you to put together equipment rental, lease-to-own and financing options that fit your business objectives.

**FIBER BLOWERS | FIBER PULLERS | LASHERS

TESTING PROBES | FUSION SPLICERS AND MORE.**

THE MILLENNIUM EXPERIENCE.

At Millennium, we're more than materials supplier. We're redefining what a distributor means.

WE LIVE BY THESE CORE VALUES:

CLIENT FIRST FOCUS:

We believe that acting as a partner and putting our client's needs before our bottom line is what makes Millennium Different

DRIVEN TO WIN:

At our very core we want to help clients with projects, and be part of your success by earning your business. If we don't earn it the first time, we will ask what we can do better the next time.

COMMITMENT TO EDUCATION:

Investing in education and experience is the only way to truly service our clients. Our commitment to you is to offer training on equipment, opportunities to learn about new technologies and present new ideas so that we can consistently exceed your expectations.

TEAMWORK:

Everything and Everyone Matters. Our team will work together to minimize and eliminate headaches before they occur.

RELATIONSHIP BASED BUSINESS:

Relationships are critical to providing the best quality products with top notch service while providing fair pricing and on-time delivery.
