

Hippo Manager now allows you to customize more of your data, offering you and your team a more personalized experience. With Hippo's new self service suite, you will have the ability to add new species, breeds, colors, markings and genders and customize some of your vital statistics options. You also now have the ability to upload any form your practice uses and customize it so that it will be pre-populated with patient and owner information when you need it.

To access the new self service suite, navigate to the Administration tab, and then click on the Customize Data icon. **Note: Only Super Users have access to the Administration tab.*

| 9 | Bovine | Anatolian Black | 2020-04-14 02:44:46 | 2020-04-14 02:44:46 |

Click on a breed and then click the Trashcan icon to delete the breed.

Cancel Ok

When adding a breed, first select the species from the dropdown, then type in the Breed.

Add Breed

Species

Breed Name

Cancel Ok

Colors, Markings and Genders work the same way as the breeds widget.

To add new, first select the species, then type in the Color, Marking or Gender. To delete, select and then click the Trashcan icon.

To Customize Vital Statistics Conditions:

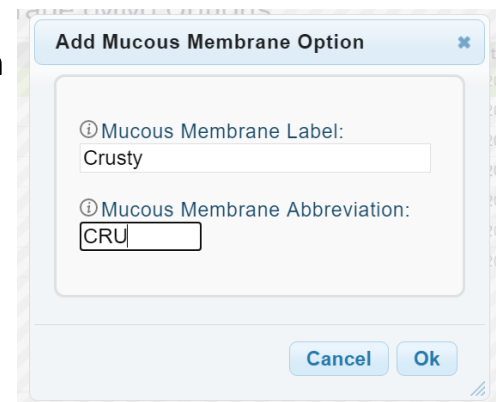

First, click on the Vital Statistics Icon:

Then, choose either:

Each of these options work the same way. First, you will type in the new MM or HS option you would like to appear in the dropdown on your chart notes, then you will type in an abbreviation that will appear on the printed version of your notes:

To Reset Negative Inventory:

Hippo now allows you to “start over” if inventory tracking has become messy! You can reset all negative inventory quantities to zero and start over adding your current quantity on hand.

Just click on the icon:

And then type CONFIRM to reset:

NOTE: Deleting negative quantities will delete ALL receiving history for the item. Only use this option if you truly need to start over!

To Create Custom Forms:

First, click on the Custom Forms icon:

Then:

Custom Forms Click the plus sign to add a new form: 

| ID | Name | Date Created | Last Modified |

| 3 | | 2020-10-08 19:43:28 | 2020-10-08 19:43:28 |

Form Name: Surgery Consent

Form Template File Then name the form, and click "Add PDF" to upload a PDF version of your BLANK FORM to Hippo and begin customizing.

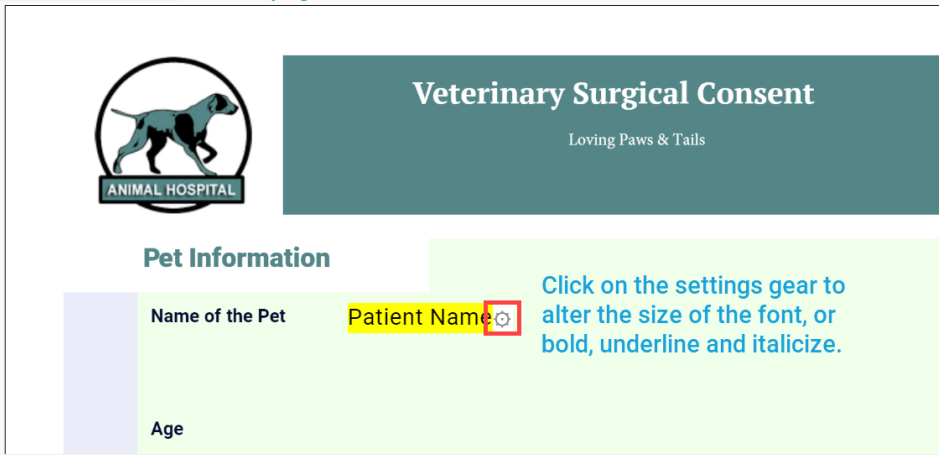

[+Add PDF](#)

The form designer will appear below and you will be able to drag and drop the Available Fields on the right into the proper position on the form:

Drag and position the available fields on the right to the report template on the left. Fields will be printed from the left to right, remember to leave enough room on the right for longer text.

[Previous](#) [Next](#) Page 1 of 3

Click "Previous" or "Next" to navigate through each page in multi-page forms.

Veterinary Surgical Consent
Loving Paws & Tails

Pet Information

Name of the Pet Patient Name  Click on the settings gear to alter the size of the font, or bold, underline and italicize.

Age

Available Fields

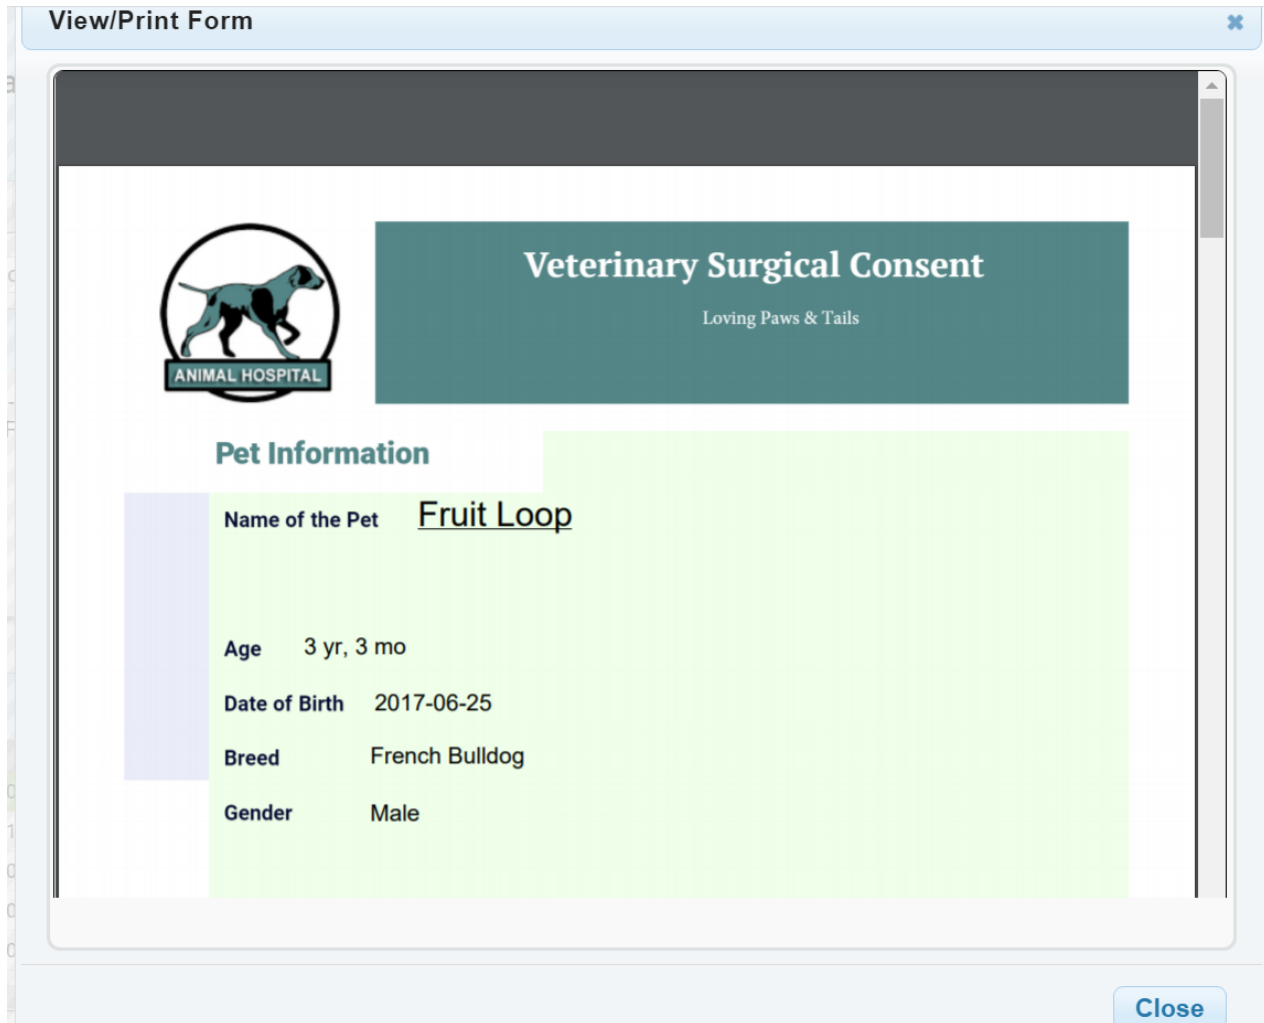

- Patient Gender
- Patient Id
- Patient License #
- Patient Markings
- Patient Microchip #
- Patient Name
- Patient Species
- rDVM Apt./Suite Address

Be sure to click "Save Form" at the bottom when finished!

To Use Custom Forms:

Once a custom form has been created and saved, you'll find it in the Patient tab. Simply click on the name of the form you wish to generate and Hippo will open a PDF form with all the fields you added to the form pre-populated.

The screenshot shows a web browser window titled "View/Print Form". The main content area displays a form for "Veterinary Surgical Consent" from "Loving Paws & Tails". The form includes a logo for "ANIMAL HOSPITAL" and a section for "Pet Information" with the following pre-populated data:

| Pet Information | |
|-----------------|----------------|
| Name of the Pet | Fruit Loop |
| Age | 3 yr, 3 mo |
| Date of Birth | 2017-06-25 |
| Breed | French Bulldog |
| Gender | Male |

A "Close" button is visible in the bottom right corner of the window.

At this point, you can print the form, get it signed, and then add a photocopy or picture back to Hippo in the "Documents" widget.

For more information on the Documents widget please see the QSG.
