Teknologize Receives 2013 Entrepreneurial Award

PNNL nominates Teknologize to receive award

Richland, Wash. – Teknologize was nominated by PNNL and accepted for recognition at the Richland Rotary Foundation Entrepreneurial Awards function held on February 26th 2013.

Nomination requirements are that the business be located in the bi-county area, have been in business at least two years and less than seven years, and have fewer than fifteen employees. Businesses are selected and recognized for their entrepreneurial spirit and contributions to the local economy. Richland Rotary Club started this program in 1997 to recognize the importance of the entrepreneurial spirit in the community for future economic diversification.

Teknologize provides proactive Information Technology (IT) Management for small to mid-sized businesses. Offerings include computer networking, help desk, server support, cybersecurity, mobile app development, high availability disaster recovery solutions and cloud based services.
