

# Setting Up a Location in GoTab

Complete the steps below to set up your demo location in GoTab.

### Step 1

Fill out all general location information under the **location configurations** tab: contact information, tax rate, schedules, processing rates, etc.

Location	
Copy	Daily Emails
Copy this location.	Preview/Send/Manager daily emails.
Edit	Full Service
Update location configurations.	View/Edit full-service setup.
Messaging	Processors
View/Edit messaging configurations.	View/Edit processor configurations.
Schedules	Stations
View/update location schedule and schedule variations.	View/update station configurations.
Tax Rates View/Edit tax rate configurations.

- How to set up a daily email report

# Step 2

Add a menu via the **Product Catalog** tab. Add products to your menu, and fill out the relative product and modifier information for each product.

	:	×
Name Prod	duct name	
Short Name	Short Name	
Base Price	\$ XX . XX Display Price	
Description	H B / S   — " ∷≣ Ì≣ co	

Category Happy Hour Specialty Cocktails	\$
Max Order Oty Unlimited	¢
Tax Rate 9.00%	¢
Prep Time 0	Min
Show Prep Time On Menu	
Revenue Account Select Account	¢
Stations Requires default station	~

POS Color Picker No color is selected for this product			
c	Close	Save	

Enabled 86'd Disabled	These prices are added to the base price of \$6.00		
Name	\$ 0.00	Default	
Short Name	Checkbox modifier. Add options to create multiple selections.	Require	
Description (optional)	Add Option Add Product		
Open Text Mod			

How to manage your product catalog

## Step 3

Add zones (revenue centers), spots (tables within revenue center), tip rates, etc for dine-in, takeout, and delivery zones via the **Zones** tab.

#### Update Dining Room Zone

Zone UUID: zn\_LHzfl6\_iVAtqV5a0S8t9AUHT []

Name			
Dining Room			
Minimum Order Subtotal (	\$)		
0.00			
Low Tip (%)	Mid Tip (%)	High Tip (%)	Default Tip
10.00	15.00	20.00	Mid (15.00%) \$
_		Clear Tip Rates	
Open Tab Requirement			
Open Tab Requirement			
Requires customer card	and phone on file.	\$	
Prompt Guest for Name o	n Scan		
🔾 Yes 🛛 No			
Unavailability Message 🔞			
e.g. The Patio is current	y closed.		
			1

### Step 4

Assign and activate a phone number for your location. Go to the **Location Configurations** tab, under **Messaging**, choose to assign an open phone number to your location. Once assigned, go again to Messaging and click the cogwheel icon to toggle on messaging.
