

One of the cornerstones of a prosperous business is a healthy and sustainable flow of cash. To help your company succeed, we offer accessible working capital loans (“WCLs”), looking beyond criteria set by traditional financial institutions. Typically, these FIs have a long list of requirements before you can even apply, and the process itself is drawn out over an extended period of time. We cut straight to the core, looking at data that actually matters so we can give you a WCL of up SGD 10m, starting from 1% per month, funded within 24 hours. Super fast, super easy, so you can keep your business running and get ahead of the curve.
