The Range of our Advice and Financial Planning Objectives

We are permitted to give advice on retail investments, mortgages and general insurance and arrange transactions in these products. For retail investment products, this will include not just packaged products, but also structured products, all investment trusts and any other investments that offers exposure to underlying assets, but in a packaged form which modifies that exposure compared with direct holding in the financial asset.

We offer independent investment advice. This means that we consider a sufficient range of relevant strategies and products. We are constantly reviewing the market to ensure that the services and products we offer are appropriate for our clients.

Where we recommend particular investment strategies and products to you, these will be selected based on your personal circumstances, financial goals, and objectives. We'll consider a number of factors, including the services you need, the cost of investing, how much risk you are prepared to accept in an investment product and how much of a drop in its value you could withstand.

The areas we can advise on include:

- Annuities
- Critical Illness Cover
- Enterprise Investment Schemes
- Exchange Traded Funds
- Income Protection
- Open Ended Investment Companies
- Pensions
- Phased Retirement & Income Drawdown
- Structured Deposits
- Structured Products

- Investment Bonds
- Investment Trusts
- ISAs
- Life Assurance
- Term Assurance
- Unit Trusts
- Unregulated Collective Investment Scheme (UCIS)
- Venture Capital Trusts

So that we can recommend suitable products or services for you, it is important for us to gather information that is up-to date, accurate and complete. Prior to making any recommendations, we will undertake a suitability assessment to enable us to act in your best interest. In order to provide you with personal financial advice and recommendations suitable for your particular circumstances we will undertake a 'fact find' to gather the appropriate information to assess your needs. We will then be able to set out clearly your financial planning objectives based on your stated objectives, acceptable level of risk and any restrictions you wish to place on the type of policies you are willing to consider. Details of your stated objectives will be set out in a Suitability Report we will issue to you to confirm our recommendation. Unless confirmed in writing, to the contrary, we will assume that you do not wish to place any restrictions on the advice we give you.

You hereby acknowledge that in the event of the firm assisting you in the completion of any investment or insurance application or policy proposal forms that you will in any event continue to bear full responsibility for the accuracy and completeness of the information entered on such forms. Therefore, you understand that inclusion of incorrect information or omission of any material facts may result in the insurance, investment or policy to which the application or proposal relates to being adversely adjusted, made void and/or any claim(s) made against it being refused. The advice we give you will be based on the information you have given us and your stated investment objectives including the degree of risk you will accept. It is your responsibility to advise us on any changes.

Before making any recommendations, we will carry out a suitability assessment so that we are able to act in your best interests. We will confirm any recommendations we make in writing (our suitability report) along with details of any special risks that may be associated with the products or investment strategies we've recommended.

We will forward to you all documents showing ownership of your investments/contracts as soon as practicable after we receive them. All such documents may be sent by post, and this would be at your risk.

We will outline from the outset whether our advice will cover your entire financial planning needs or focus on specific areas giving consideration to any restriction you place on our advice.

We require our clients to give us instructions in writing, or we may confirm our understanding in writing (by post or by email) in order to avoid possible disputes. This will usually be in the form of a proposal or application form. We will, however, accept oral instructions in certain instances provided they are subsequently confirmed in writing.

Customer Classification

The type of client category will determine the levels of protection afforded to you under the Financial Services and Market Act 2000. The firm proposes to classify you in accordance with FCA rules as a **Retail Client** and the regulatory protection available to you will be the highest available. This agreement is personal to you and not assignable. We may accept instructions from and give information to third parties or your other advisers on your behalf where you have confirmed in writing we may do so. We cannot accept any responsibility for errors in information supplied by such persons. Where you are a trustee, director or officer of any trust, corporation or LLP requiring advice you warrant to us that you have full authority to act on behalf of the same and there are no restrictions on the limits of our advice of which we have not been made aware. We will not be responsible for advising on compliance with your trust, trustee, director, or officer obligations.

The Cost of our Services

You will pay for our services by either a fee or a combination of fee and/or fee by payment facilitation through product charging. We will discuss your payment options with you and answer any questions you have. We will not charge you until we have agreed with you how we are to be paid. For payment options relating to investment advice, please refer to the next paragraph. Value added tax may be payable on some or all of the work we do. We will inform you if VAT is applicable.

When **paying by fee**, you will pay us for our advice and services (whether you buy a product or not) at an amount or a rate agreed before we commence any work. Our fees may include VAT. Where this is the case, you will be informed and invoiced accordingly.

Aggregated Charges & Costs

We will add together all the costs and charges payable in relation to the service we are providing you with (initial and/or ongoing) so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information. Our advice charges will be agreed with you in our letter of engagement and aggregated costs and charges will be confirmed to you in our suitability report before any transaction is completed.

Your Payment Options

Settling your adviser charge through a single payment

For all initial adviser charges, you have the option of paying them direct or via deduction from the recommended product provider(s).

Our charges will become payable on completion of our work and should be settled within 14 business days. Please note (as referred to in the table above) a minimum charge may be applied even if you choose not to invest in a product.

We do not accept payment by cash; however, payment can be made by the following methods: -

- i. Cheque or bank transfer
- ii. You may pay our charges via deductions from the financial product(s) that you might invest in, where the product/platform provider allows this. Please note that if you choose to pay by deduction from a financial product this will reduce the amount left for investment and may, depending on circumstances, have other consequences.
- iii. If your investments are held on a platform (a platform is an online investment administration service) you may choose to pay our charges out of the funds held within the platform cash account (where the platform providers offer this facility).

Settling your adviser charge by instalments

Paying by instalments through your recommended product

If you buy a financial product, you can choose to have your adviser charge deducted from the product through instalments. Although you pay nothing to us up front, that does not mean that our service is free. You still pay us indirectly through deductions from the amount you pay into your product. These deductions will pay towards settling the adviser charge. These deductions could reduce the amount left for investment.

How your payment plan works

Paying for our services with a regular payment (e.g., in a pension policy)
Example: We typically take our initial service charge from the monthly payments you make to your product. The example below shows how this works for a £500 per month savings product: <ul style="list-style-type: none">• Total cost of our initial service to set up the product is £1,000. The payment is taken from the first 12 months.• Each month you pay your premium for the product of £500. At the end of the first 12 months, you will have invested £5,000 and £1,000 pays our initial service charge.

These instalments will be deducted from the premium you pay each month and allocated towards settling the adviser charge. For example, the total cost of advice is £1,000. You have been recommended a regular premium product of which £500 will be paid each month. £83.33 will be taken from this amount to pay off your adviser charge over 12 months. The remaining £416.67 will be invested during this time. At the end of this period the adviser charge would have been settled in full. From month 13 the full £500 will be invested.

Paying through other arrangements

You may elect that we are remunerated **by fees and offset fees (paid by a product provider)** the actual amounts will depend on the service provided to you but will be in line with the arrangements set out above headed “**investment advice**”.

The fee will not exceed the rates shown in this document. We will agree the rate we will charge before beginning work and we will tell you if you have to pay VAT. The fee will become payable on completion of our work. You may ask us for an estimate of how much in total we might charge. You may also ask us not to exceed a given amount without checking with you first.

Pure Protection Products

If you buy a protection product you may elect that we are remunerated **by commission**. The commission is paid directly by the provider. Although you pay nothing up front that does not mean our service is free. The commission paid to us forms part of a 'product charge' which you pay when you purchase the product. Product charges pay for the product provider's own costs and any commission payable to third parties.

You may elect that we arrange for the protection premium to be discounted by the commission that otherwise might have been payable under the policy recommended. In this instance you will need to pay a fee appropriate to cover our advice.

The amount of commission we receive will vary depending on the type of policy and (sometimes) the term of the policy or your age, as in the following example:

If you were to pay £51.67 per month towards a £200,000 25-year Critical Illness policy, we may receive commission of £1,092 (0.55% of the sum assured) and then £1.22 per month (£14.64 every year) from month 49 whilst the plan is active (0.0007% of the sum assured).

Ongoing Advice Charges and Services

Our ongoing services are optional. If you purchase an ongoing service, you will pay our charges as a percentage of the funds under management subject to a maximum of **1.00%**. Where we agree to provide you with a service which includes an ongoing review of the suitability of the investments we have recommended, we will carry out this review at least annually. We will make contact with you and assess whether the information we hold about you remains accurate and up to date. We will issue you with a report setting out the results of our assessment and, if relevant, any updated recommendations.

Payment Options

Ongoing charges can be paid in a number of ways:

- A regular fee paid by standing order.
- Via deductions from your investment(s) on a monthly, quarterly, six-monthly, or annual basis, where the product/provider allows.
- For investments held on a platform (an online investment administration service) you may choose to pay our charges out of the funds held in the platform cash account, although it is important to maintain sufficient cash in that account to cover charges as they fall due.

As our ongoing charges are on a percentage basis, the monetary amount may increase as the size of your fund grows. Please note market performance fluctuations in the value do not automatically affect the service level.

Here are some examples of how our charges typically apply:

Other charges

Depending on the services we provide, there may be costs and charges (including taxes), not charged by us, but related to the financial products we arrange for you. These charges may be one-off charges (payable up front) or charges payable on an ongoing basis.

For example:

- **Service costs:** If your investments are held on a platform (an online investment administration service) or held with a DFM, the platform provider / DFM will make a charge for administering / managing your investments.
- **Investment costs:** These are the costs relating to the manufacturing and managing of your investments – for example, fees charged by the investment fund manager, costs relating to investment transactions.
- We'll always disclose any third-party costs as part of making our recommendations.

Mortgages

Our Fees for Mortgage Advice

In accordance with the regulatory requirements, for providing mortgage advice there is:

- Advice Fee which will typically* be £500 per mortgage of which:
 - £250 is payable on application
 - The balance is payable on mortgage offer
- We will also be paid a commission from the recommended lender once the mortgage has completed.

* For applicants with poor credit history or those requiring specialist lenders our fees will invariably be higher, these will be limited to a maximum of 1% of the loan amount subject to a cap of £2,000.

Client Money

For your additional security **we do not handle client's money**. We never accept a cheque made out to us (unless it is a cheque in settlement of our fees or other charges or disbursements for which we have sent you an invoice). We do not handle cash. Cheques for payment will be required to be paid direct to the insurance provider.

We will forward to you all documents showing ownership of your policies as soon as practicable after we receive them. Where a number of documents relating to a series of transactions is involved, we will normally hold each document until the series is complete and then forward them to you.

Best Execution

In transmitting applications on your behalf to third parties (e.g., to put an investment into force), we will take all reasonable steps to ensure that we obtain the best possible result for you.

Should a recommendation be made for you to invest in the CIP managed by Tavistock Asset Management, then you will be provided with a Client Terms document that sets out how Tavistock Asset Management manages the investments.

Both The Tavistock Partnership Limited and Tavistock Asset Management are part of the Tavistock Investments Plc group.

The Tavistock Partnership Limited will be responsible for the suitability of the advice given to you.

Investment Platform

Where active management of your investment portfolio may be needed, it might be appropriate to use an investment platform which is an online administration service which lets you buy, sell and manage investments.

Tavistock Investments Plc also manages their own platform solution providing access for their advisers and clients.

As an Independent advisory firm, we have access to and will consider investment solutions and investment platforms across the whole of the market.

Having assessed your needs, the use of the CIP managed by Tavistock Asset Management may be recommended. However, the CIP will not be suitable for all clients.

Benefits we Receive

Under the rules of our regulator, the FCA, as a firm providing independent advice, we are unable to accept or retain payments or benefits from other firms (e.g., product providers) as this would conflict with our independent status. From time to time, we may attend training events funded and /or delivered by product providers, fund managers and investment platforms. These events are designed to enhance our knowledge and quality of service we provide to our clients. As such, this does not affect our obligation to act in your best interests. Please ask us if you require further details.

Investment Performance and Risk

Please be aware that investments can fall as well as rise, and that you may not get back the full amount invested. The price of investments we may recommend may depend on fluctuations in the financial markets, or other economic factors, which are outside our control. Past performance is not necessarily a guide to future performance.

Specific warnings relevant to the investments, investment strategies or other products we arrange are provided in the relevant product literature and in our Suitability Report. Under the terms of this agreement, we may, if appropriate, advise you on investments which are not readily realisable.

For insurance products, your insurance policy may lapse if you do not keep up to date with regular premium payments and you may not be covered if a claim is made.

Termination of Authority

- We may terminate this agreement by giving you at least 20 business days' written notice.
- You may terminate this agreement at any time, without penalty. Notice of termination must be given in writing and will take effect from the date of receipt.
- Any transactions already initiated will be completed according to this agreement unless otherwise agreed in writing.
- You will be liable to pay for any services we have provided before cancellation and any outstanding fees, if applicable.
