

BTU

FEBRUARY 2020

Your Brief Trade Update

Effective Immediately, February 20, 2020.

For a limited time, the Energy Efficiency Program will allow all steam traps to be tested regardless of the trap type (e.g. space heating, process, dry cleaning) that have not been tested within the previous 12 months.

This means, all traps tested prior to **February 20, 2019** are **eligible for testing**.

All replacement requirements still apply including: the testing rebate will be paid only after a minimum of 50% of the identified failed open traps are replaced; if no failed open traps are identified, the project is ineligible for testing rebates. Please refer to page 4 of the Peoples Gas and North Shore Gas [Prescriptive Rebate Application](#) to apply and for specifications.

Upcoming March Events:

COUNTER DAY!

March 4 from 8am-12pm at [Ferguson Supply](#), located at 4433 S Springfield Ave., Chicago, IL 60632

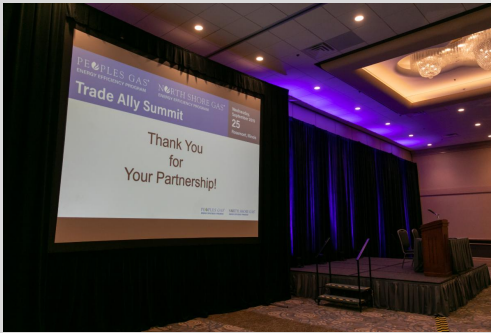

The Home Energy Rebate Program team will be available to provide rebate applications and answer questions about our rebate programs.

HOME ENERGY REBATES WORKSHOP

March 16 from 8am-12pm at [Able Distributors](#), located at 2845 W 48th Pl., Chicago, IL 60632

Program staff will provide hands on training for our Online Rebate Portal. We will also cover 2020 rebate updates, how you can maximize the savings for your customers, and answer any questions that you may have.

Congratulations to the following Small and Midsize Business Partner Trade Allies (PTA's) for meeting their 2019 project goal in 2019.

These Partner Trade Allies will be receiving **\$1,000** for bringing in 100% of their projects that the program set for them.

- Hayes Mechanical
- 5 Star Solutions
- Affiliated Steam
