

Call queuing— manage your call volume efficiently.

Minimize missed calls while providing a professional experience for only \$14.95 per month.*

Call queuing places your callers in an ordered queue until the next available agent can advise them.

Help customers promptly, courteously, and efficiently by:

- Reducing the number of missed calls
- Reducing busy signals for customer experience
- Including your company greeting
- Allowing customers to leave voicemails rather than waiting in the queue

A missed call is a missed opportunity. Add call queuing today.

Get it now from your portal in the Cloudli Store,
or contact your agent today.
