

# POWERFUL Financial Acumen

You're in business because you have skills that matter. But being in business doesn't necessarily make you an expert in finance, and finance plays an important role in how well your business is doing.

The good news? You don't need to be a financial whizz because that's where Tania.ai comes in.

## YOUR VIRTUAL FINANCIAL ASSISTANT

Tania.ai empowers businesses to be smart with their finances.

She integrates with Xero and provides a 5 minute daily briefing, telling you what all your numbers mean relating to your cashflow, financial performance and health.

### THE BASICS

Manage receivables and payables; ensure the flow of money coming in and out is balanced; highlight any red flags, get reminders

### OPTIMISING SALES

More than just numbers, get a fuller picture; know how your figures impact each other; know how much profit exists after costs

### SAFEGUARD AGAINST ERRORS

Your financial watchdog, keeping an eye out for any irregularities and informing you as they happen.

### PROBLEM-SOLVING WITH YOUR ACCOUNTANT

Daily briefings and a clear picture; conversations with your Accountant will be more powerful, shorter and focused

### FROM REACTIVE TO PROACTIVE

Forecast, plan and get a heads up about events like heading into overdraft; stay ahead of financial activities with ease

### PREPARING FOR THE UNCERTAIN

Ensure you are equipped and able to cope with anything that comes your way.

### BETTER USE OF YOUR TIME

Crunching numbers and analyzing figures; a quick chat and you'll know where to you need to focus your time.
