Communal Energy Partners – Corporate social responsibility company policy –Statement of Intent

Policy brief & purpose

Our Corporate Social Responsibility (CSR) company policy refers to our responsibility toward our environment. Our company's existence is not lonely. It's part of a bigger system of people, values, other organisations and nature.

The social responsibility of a business is to give back to the world just as it gives to us.

What is corporate social responsibility

Our Corporate Social Responsibility (CSR) company policy outlines our efforts to give back to the world as it gives to us.

Scope

This policy applies to our company and its subsidiaries. It may also refer to suppliers and partners.

Policy elements

We want to be a responsible business that meets the highest standards of ethics and professionalism.

Our company's social responsibility falls under two categories: compliance and proactiveness. Compliance refers to our company's commitment to legality and willingness to observe community values. Proactiveness is every initiative to promote human rights, help communities and protect our natural environment.
