

Microsoft Teams Rooms with Yealink from Novem

Transform your meetings with Microsoft Teams Rooms.

Novem IT are a Yealink Pro Partner, who provide Microsoft Teams Rooms hardware solutions that enable you to host meetings and interact with anyone, from anywhere. We offer several Teams Rooms packages, so that you get the meeting room solution that meets your unique needs. Whether you are meeting with colleagues, customers or suppliers, near or far, you can make any space an environment for collaboration by bringing the boardroom online.

What are the benefits of Microsoft Teams Rooms with Yealink?

The Right Hardware for the Job

Whether you need to support a meeting for under 5 or over 30, there is a Microsoft Teams certified device solution for you. With all the equipment, you need to make your meetings effortless.

Connected Workforce

Host meetings with any colleague, client or guest, seamlessly and stay connected with an app that allows you to video conference, chat and collaborate in real-time.

Increased Productivity and Efficiency

Optimise your meetings by giving everyone a platform they can speak, collaborate and participate on. Streamlining the way you work to improve productivity.

Remote Working Functionality

With everyone working from different locations, your meetings can be catered to ensure everyone is included, wherever they are based.

What does Microsoft Teams Rooms with Yealink offer?

To help with the increase in remote working, we have partnered with Yealink to provide our customers with a solution to upgrade your conference and meeting rooms and turn them into a virtual collaboration space. Your meetings will now be inclusive and interactive for all attendees and adapted to any meeting space you use.

The tools are easy to use with no hassle; we can quickly set up your devices so that you can create the ideal meeting friendly space in a matter of minutes. With premium video and voice quality, these devices have everything you could need. Designed to adapt to whatever meeting you are hosting, whether it is a focus session or a conference, Teams Rooms with Yealink is the most efficient solution for your meetings.

With Microsoft Teams Rooms from Yealink and Novem, you get:

- Premium quality video and audio equipment
- No up-front, set up or installation costs
- Fixed monthly fees
- Easy to deploy and simple to manage meetings
- Solutions specific to your room requirements
- Multiple options for instantly sharing content
- Compatible with Zoom for increased collaboration
- Simple device management platform
- Live caption creation during meetings
- Collaborate and create using the Microsoft Whiteboard integration
- Capture images and text from the meeting in real-time
- Meeting room capacity notifications
- Product training and on-going support
- 36-month manufacturer warranty

Whether you are in the office or remote, Microsoft Teams Rooms with Yealink will upgrade your meetings for everyone involved.

Why work with Novem IT?

- **When you call, we pick up**

A friendly, approachable person will always greet you. We support your technology needs so you can focus on your business.

- **Reliable communication**

Never let communication be a problem for you or your team again with a reliable phone system hosted in the Cloud.

- **We are Microsoft and Yealink Partners**

Our team are Microsoft and Yealink experts; we will bring experience to your communication solutions and ensure you get the most out of your systems.

- **Communication solutions to meet your business needs**

Your business is unique, so your communication needs will be specific to your company. Any solution we recommend will be built to your specific needs.

- **Cost-effective solutions**

We understand that sticking to a budget is essential for any business. This is why Novem IT works hard to provide cost-effective communication tools that not only improve your business operations but also keeps costs down.

Why we think this solution is ideal for our clients

“With more of our clients employing a hybrid working model between home and office working, our Microsoft Teams Rooms solution with Yealink brings the meeting room online by allowing businesses to collaborate efficiently and effectively with colleagues, customers and partners, no matter where they are based.”

Mike Ryan, Sales Director

Our partners

Novem IT partner with leading technology providers to ensure our customers have access to the best service possible.

We handle IT so you can handle it.

Yealink

We can streamline your entire communication process, so your team are better connected. Whether you are remote, in the office, or on the go - we can ensure your communication never falters.
