

VACANCY DETAILS

Department: GW Limited	Hours: 37 hours per week
Job Title: Casting Technician	Job Ref: GW705
Place of Work: Bridgnorth	
JOB DETAILS Job Ref: GW705 The Postholders' duties will be responsible for aluminum casting within the Prototype business. The successful candidate will have knowledge of health and safety legislation as it applies to the role, have successfully completed a RoSPA certified manual handling training course (or equivalent qualification), and will have completed Health, Safety & Environmental awareness training. The role presents an opportunity for the development of metallurgical knowledge and its industrial application, working in a specialist team. In support of this, theoretical and practical training will be provided. A bespoke grading structure has been created to ensure recognition and development of this highly skilled role. The successful candidates will have an in-depth knowledge mould preparation, raw material processing, basic chemistry knowledge and basic metal preparation. The employee must have completed crane/FLT and/ or overhead crane training (or any other training required for the role). A Fire Safety Awareness course will be required.
