

## VACANCY DETAILS

<b>Department: GW Machining Limited</b>	<b>Hours: 37.5 hours per week on a flexible shift working basis in accordance with the needs of the business</b>
<b>Job Title: Tool Setter</b>	<b>Job Ref: GW674</b>
<b>Place of Work: Bridgnorth</b>	
<p><b>JOB DETAILS</b></p> <p>The Postholder will be responsible for ensuring that all aspects of the tool setting area run smoothly and support production as required and for liaising with tooling suppliers on a regular basis to ensure that both Consignment &amp; Company stock levels of tooling are sufficient to support production. Ensuring that all tooling returned from Production is checked for condition before being broken down, waxed and stored safely in the correct location is a requirement for this role, as is correctly identifying any special tooling relating to a specific job so that it can be adequately protected &amp; stored in clearly defined kits ready for future use.</p> <p>The successful candidate will have experience in the above responsibilities and be capable of working using their own initiative. Good interpersonal skills are needed for this role, as is an organized and methodical approach to work</p>	

# HAVE YOU GOT THE SKILLS?
