Share!
by SchoolInfo

Allow your community to submit content for your approval to be shared across multiple channels.

• Those closest to the action can submit news, pictures, and videos
• Submissions go to administrators for approval
• Stories are then posted to your app
• As well as any other channels including your website, social media, and more!

Empower teachers, parents, and even students to be your story tellers in a safe and positive setting—all from your mobile devices!

Other key benefits of Share! Include:

• Intuitive dashboard layout to view pending and reported news
• Increased engagement of students and staff on campus
• News and events coverage in real time
• Crystal clear formatting for all videos and attachments on any mobile device

How it Works:
