

Integrated and Flexible Payment Solutions for Accounts Receivable

Integrated, Recommended, Experienced.

Work seamlessly within the business systems you already use to automate payments and collections for a more efficient receivables management process.

REPAY offers the following benefits for Lockstep Collect users:

- Tokenized credit card data simplifies PCI Compliance
- Integrated payment portal functionality
- Level 3 processing
- Multi-currency capable
- No installation, maintenance, or setup fees
- 24/7 live support

Faster Funding. Fewer Fees. Reduced DSO.

REPAY offers omni-channel B2C and B2B integrated payment solutions for every business. REPAY is a gateway and processor that is trusted by thousands of merchants daily to process payments. If you do not understand your bill, we will educate you on how you are currently priced.

Lockstep Collect + REPAY Integration

Lockstep Collect reduces DSO, increases working capital, and creates massive efficiencies in your back office by automating customer communications about invoice aging, providing an online PCI/DSS payment portal for customers, and empowering AR teams with productivity tools. Lockstep Collect has experience with hundreds of active deployments, and is proven to optimize accounts receivables for organizations big and small.

Fully compatible with the most on-premise and cloud ERPs in the industry, Lockstep Collect is configurable to match your unique automation and reporting requirements. Lockstep Collect supports the entire AR lifecycle including customer onboarding, collections, disputes, and credit management.
