REPAY Vault

The REPAY Vault is seamlessly integrated with multiple leading ERP, eCommerce, CRM, POS, and Mobile applications, allowing you to store customer payment credentials for future use. REPAY Vault is a PCI DSS compliant gateway with multiple reporting tools for reconciliation. Use our tokenized protection and data encryption to further enhance your security.

Quadient AR + REPAY Integration

Quadient AR is an Accounts Receivable (AR) software that simplifies the collections process and improves the invoicing experience by providing real-time visibility into the AR pipeline. With comprehensive reporting, automated end-to-end collections management, and self-servicing payment portals, Quadient AR provides assurance of when and what you'll be paid, so your business can grow and operate with ease.

REPAY provides Quadient AR customers with a 100% PCI/DSS Compliant Gateway with rich features such as recurring invoicing, multiple address verification options and custom reporting tools. REPAY works seamlessly with Quadient AR to help you get paid faster!

Schedule a Discovery Call

You need a processor that can guide you to what works best for you. With REPAY, you will always know that we are working to provide the right solution for your business.
