Get In Touch

Did You Know?

When it comes time to remodel, a lot of people start by collecting ideas and images online. From Instagram to Pinterest to Houzz, there are a lot of sites out there that can help you create your vision. The Mitchell Houzz page is one of our biggest online portfolios, and may even feature your project! Check it out whenever you get a chance at www.houzz.com/pro/mitchcogroup

Think ahead. Plan ahead. Get ahead.

There are some things in life that take careful planning, and renovating should be one of them! It's never too early to plan ahead for a home makeover, especially if you want it done right. No matter how big or how small your project may be, figuring things out sooner rather than later is in your best interest. Not only do projects take time to build, they also need time to design.

Sitting down with a team of architects and designers to discuss your style, your schedule, your budget, and your vision is a very important step in the overall process towards having your perfect home. Here at Mitchell Construction, we're currently booking jobs for 2020, so be sure to call us soon so we can help you build your dream.

BATHING IN LUXURY

A master bathroom that had once become outdated, dark, and difficult to use, was completely redesigned to be a luxurious spa

with high-end finishes and retreat-like features. An oversized, custom double-sink vanity was built in to be a focal point, complemented perfectly by a breathtaking frameless walk-in shower and relaxing soaking tub. The homeowners couldn't be happier to have their master bathroom transformed into a stunning oasis inside their home that they can continue to enjoy for years to come.

REFERRAL REWARDS PROGRAM

EARN POINTS TOWARDS FREE DESIGN AND HANDYMAN SERVICES!

Did you know that Mitchell Construction Group has a program that lets you earn free handyman or design hours? That's right, worry about your leaky shower no longer by getting in on our Referral Rewards Program. It's a great way to get projects done around the house without lifting a finger or spending a dime!

Here's how it works: Every time you refer someone to us—and they tell us that you sent them—you will automatically receive one point. If the referral you sent us turns into a project, you can earn anywhere from 2 to 8 points depending on the size of the job. Your points accrue over time, never expire, and can be redeemed at any time. They can also be transferred to friends, family members, or anyone else you know who wants to get something done!

We've also started sending out Quarterly Statements that will let you know your accrued RRP Points Balance, and you will automatically be entered into our annual Grand Prize Giveaway every year in which you make a referral. (The winner is announced at our yearly Customer Appreciation Party.) Feel free to check out our website or call us for more information!

For more information or to check your current point balance, please call **508-359-7904** or stop in at **511 Main Street in Medfield.**

Thanks For The Thanks!

Thank you to all of our amazing clients for your kind words, and for the trust you put in us to make your dreams come true!

“

Mitchell has been wonderful to work with. They are highly professional, organized and on top of every detail. They have made the entire process seamless for us.

– Leah L.

Would not want anyone else doing work around my house! Will use them every time!

– Alison E.

We were apprehensive about our plans for an addition to our home but the Mitchell Construction Group helped us through all phases of the project. It's obvious that they know what they're doing.

– Ralph T.

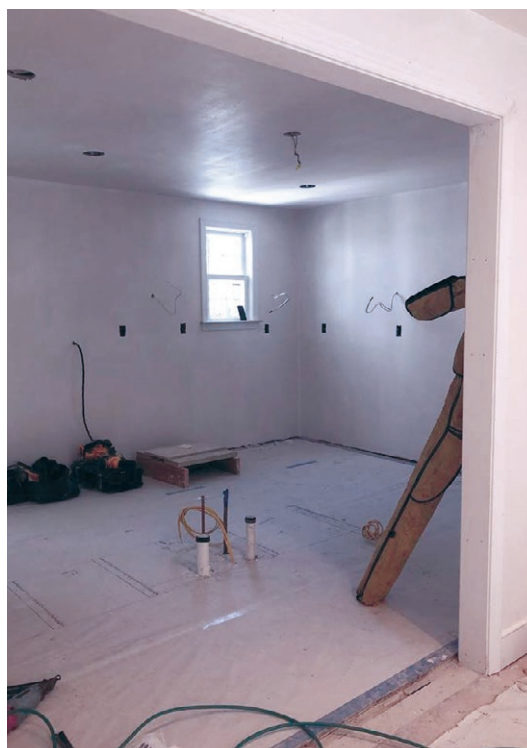

Restoring A Medfield Landmark

In the spirit of community, we recently worked with the Peak House Heritage Center, volunteering to rebuild the roof of the historic Medfield landmark. Named for its sharply peaked roof, the Peak House has been rebuilt a number of times since its original construction in 1668. We are happy to have been able to add to the strength and character of the structure, and strongly encourage everyone to go visit this local treasure and appreciate its history.

Project Progression

A couple of months ago we had the opportunity to follow one of our kitchen remodels and see how things progressed over time. Take a look at our latest job from start to finish!

THE MITCHELL
KITCHEN

Creamy Lemon Chicken & Pasta

ingredients

CHICKEN

- **2** boneless skinless chicken breasts
- **1 ½ tablespoons** of butter
- **1 tablespoon** of olive oil
- **2 tablespoons** of garlic powder
- **2 tablespoons** of Italian seasoning
- **Salt** (to taste)
- **Pepper** (to taste)

SAUCE

- **1 ¼ cups** of chicken stock
- **1 cup** of heavy cream
- **Salt** (to taste)
- **Pepper** (to taste)
- **1 – 2 lemons**, juiced
- **Fresh parsley**, for garnish
- **1 pound** of linguine
- **Parmesan cheese** (to taste)

instructions

- Set a pot of salted water to boil for your pasta.
- On cutting board, cut chicken in half, widthwise so that you have 4 separate pieces.
- Season chicken on both sides with salt, pepper, garlic powder, and Italian seasoning.
- Heat a skillet on medium-high heat and add butter and olive oil, mixing together to coat the pan.
- Place chicken in pan and cook completely through, until golden brown.
- Once cooked, remove chicken and set aside.
- Water should be boiling at this point. Put one pound of linguine into boiling water and cook until al dente. Once pasta is cooked strain and let it sit.
- Pour ¼ of chicken stock into still hot pan, and scrape up anything left from cooking the chicken.
- Add the rest of the chicken stock and all of the heavy cream and stir.
- Season with salt & pepper, and add in the lemon juice.
- Simmer over medium heat for 10 minutes, and add chicken back into the pan, and spoon sauce over it.
- Remove sauce from heat and let cool. Sauce will thicken as it cools.
- Add cooked pasta into cream sauce and stir. Sauce should stick to pasta and thicken once thoroughly mixed.
- Serve the pasta, chicken, and sauce and garnish with parsley and parmesan cheese.
- Enjoy!

This quarter's Employee Spotlight is shining on the newest addition to the Mitchell Family: Indiana Jones! Recently rescued by one of our employees, Indiana Jones is an energetic, fun-loving, 3-month-old Australian Shephard mix. Indy is known to greet everyone he sees with kisses and cuddles, and he will never turn down an opportunity to play! In his free time, he loves to cuddle with his family, explore his new home, and attend puppy training classes so that he can grow up to be the best boy he can be. He's also an avid shopper who loves to go to the pet store to pick out his own toys, and is enjoying his first summer by playing in his new kiddie-pool!

**Welcome to the
Mitchell Construction
family, Indy!**

Along with the spring showers and May flowers came the 2019 awards season! Every year Mitchell Construction gathers together projects from the past year, and writes up a brief overview of each job to go along with an array of photos of the finished space.

This year we entered some of our favorite kitchens and bathrooms into the Eastern Massachusetts Chapter of the National Association of the Remodeling Industry, as well as the Chrysalis Awards for Remodeling Excellence. We are very proud to announce that we won three of these awards! EM NARI awarded us with their Gold Award in their Residential Kitchen category! And Chrysalis honored us with two regional awards, one in their Kitchen Remodel category, and one in Bathroom Remodels!

Our EM NARI and Chrysalis Kitchen Remodel winner was a dramatic and stunning transformation of a once closed-off and dark space into an open, inviting, luxury kitchen. A stunning, oversized blue island is the focal point for the space, along with brass accents throughout the room. State-of-the-art Sub Zero and Wolf appliances were used throughout. The Chrysalis Bathroom Remodel winner was a gorgeous overhaul of a dated and dark master bathroom, turning it into an elegant, bright, and beautiful spa-like retreat.

Thank you to EM NARI and Chrysalis for recognizing us with these awards, and to our clients for giving us the opportunity to work on their inspiring and breathtaking projects!
