

SOFTWARE & SIMULATION ENGINES

COMPATIBILITY

COMPATIBLE WITH THE LEADING SOFTWARE AND SIMULATION ENGINES

D-BOX prides itself on ensuring a wide range of software compatibility and direct integration into the simulation engines through our long-standing relationship with developers around the globe.

Our haptic experience is designed and fine-tuned in partnership with simulation engineers who share our passion for a perfect immersive and haptic experience that enhances all types of training scenarios.

COMPATIBLE SOFTWARES

Flight Simulator
Microsoft

Lockheed
Martin ESP

Prepar3D
Lockheed Martin

CarSIM & TruckSim
Mechanical Simulation Corporation

Microsoft Flight Simulator 2020
Laminar Research

Vehicle Physics Pro
Unity 3D

Helism
Presagis

SCANeR
OKTAL

Vortex
CM Labs Simulations

rFactor Pro
Image Space Incorporated
