SOFTWARE & SIMULATION ENGINES

COMPATIBILITY

COMPATIBLE WITH THE LEADING SOFTWARE AND SIMULATION ENGINES

D-BOX prides itself on ensuring a wide range of software combability and direct integration into the simulation engines through our long-standing relationship with developers around the globe.

Our haptic experience is designed and fine-tuned in partnership with simulation engineers who share our passion for a perfect immersive and haptic experience that enhances all types of training scenarios.

COMPATIBLE SOFTWARES

Flight Simulator
Microsoft

Prepar3D
Lockheed Martin

Microsoft Flight Simulator 2020
Laminar Research

Helism
Presagis

Vortex
CM Labs Simulations

Lockheed
Martin ESP

CarSIM & TruckSim
Mechanical Simulation Corporation

Vehicle Physics Pro
Unity 3D

SCANeR
AVSimulation

rFpro Limited
Image Space Incorporated
