

Intern Marketing & Communication (full-time)

Join the pioneers of PhotonFirst

Since 2006 PhotonFirst is pioneering in the research, development, engineering and production of Integrated Photonics Sensing modules and systems for a broad range of critical applications in aerospace, medical equipment, mobility, energy and high-tech systems. From January 1st, 2021, our photonics activities have been carved out of Technobis Group to prepare for a fast growth to a leading worldwide position in our field. In order to organise for this growth, the strong technical team of highly educated experts will need to be complemented with a substantial number of professionals in other fields like product management, sales, operations, IT and many more.

Your tasks & responsibilities are broad

You actively support the marketing team in the day-to-day business. This includes gathering content for newsletters, writing social media posts, setting up internal and external campaigns and preparing international events. Besides that, we would be happy to talk to you about what you would like to learn. Do you want to prepare a shooting day for a video, organize an event or do you want to be involved in internal communication? Many things are possible!

Direct reporting line

The Intern Marketing & Communication will report to the Marketing Officer.
