

## EXCITE Other Adult Immunization Project Results and Related Survey Questions

EXCITE projects are encouraged to use questions adapted from the Centers for Disease Control and Prevention's (CDC) Vaccine Confidence Survey Question Bank to aid in assessment and evaluation of results. Recommended survey questions per EXCITE results are provided below. Refer to the "Project Results" column and corresponding survey question to determine which one(s) are most appropriate to use in your project.

When using the survey questions for EXCITE projects focused on other adult immunizations, please insert the specific name of the immunization in the highlighted area. For example, if your project focuses on shingles, you will insert the word shingles in the highlighted areas.

Below is a list of other adult immunizations on which EXCITE A2 projects could focus. This list was provided by the Centers for Disease Control and Prevention (CDC) with more information provided at <https://www.cdc.gov/vaccines/schedules/hcp/imz/adult.html>.

- Influenza
- Hepatitis A
- Hepatitis B
- Human papillomavirus (HPV)
- Haemophilus influenzae type b (Hib)
- Meningococcal A, C, W, Y
- Meningococcal B
- MMR (measles, mumps, rubella)
- Pneumococcal conjugate
- Pneumococcal polysaccharide
- Tdap (tetanus, diphtheria, pertussis)
- Zoster recombinant (shingles)
- Varicella (chickenpox)

Project Results	Survey Question(s)
Priority population has higher trust in vaccine.	<p>How much do you trust the public health agencies (such as your county health department or state's department of health &amp; human services) that recommend you get [insert name] vaccine? Would you say you trust them:</p> <ul style="list-style-type: none"> <li>€ Not at all</li> <li>€ A little</li> <li>€ Moderately</li> <li>€ Very much</li> </ul>
Priority population feels vaccines are safe	<p>How safe do you think [insert name] adult vaccine will be for you? Would you say...</p> <ul style="list-style-type: none"> <li>€ Not at all safe</li> <li>€ A little safe</li> <li>€ Moderately safe</li> <li>€ Very safe</li> </ul>
Priority population feels vaccines are important for health and disease prevention	<p>What would motivate you the <i>most</i> to get the [insert name] vaccine? (Please select one.)</p> <ul style="list-style-type: none"> <li>€ Protect my health</li> <li>€ Protect health of family/friends</li> <li>€ Protect health of co-workers</li> <li>€ Protect health of community</li> <li>€ To get back to work/school</li> <li>€ To resume social activities</li> <li>€ To resume travel</li> <li>€ Because others encouraged me to get vaccinated</li> <li>€ Other</li> <li>€ Not sure</li> </ul>
Priority population has strong social norms emphasizing vaccinations	<p>Do you think most of your friends and family will get [insert name] vaccine, if it is recommended for them?</p> <ul style="list-style-type: none"> <li>€ Yes</li> <li>€ No</li> <li>€ Not sure</li> </ul>

<p>Priority population has fewer (lower) barriers to accessing vaccine</p>	<p>How easy do you think it will be to get [insert name] vaccine for yourself? Would you say...</p> <ul style="list-style-type: none"> <li>€ Very easy</li> <li>€ Somewhat easy</li> <li>€ Somewhat difficult</li> <li>€ Very difficult</li> <li>€ Not sure</li> </ul>
	<p>What makes it difficult for you to get [insert name] vaccine? *</p> <p>(Please select all that apply.)</p> <ul style="list-style-type: none"> <li>€ I can't go on my own (I have a physical limitation).</li> <li>€ It's too far away.</li> <li>€ I don't know where to go to get vaccinated.</li> <li>€ I'm not eligible to get [insert name] vaccine.</li> <li>€ I have a medical reason that makes me ineligible to get vaccinated (e.g., I have had a severe allergy to vaccines in the past).</li> <li>€ I don't have transportation.</li> <li>€ The hours of operation are inconvenient.</li> <li>€ The waiting time is too long.</li> <li>€ It is difficult to find or make an appointment.</li> <li>€ I am too busy to get vaccinated.</li> <li>€ It was difficult to arrange for childcare.</li> <li>€ I don't have time off work.</li> <li>€ Other</li> <li>€ Not sure</li> </ul> <p><i>*Skip for respondents who answered "Very easy" in previous question.</i></p>
<p>Priority population demonstrates increases in vaccination rate</p>	<p>No survey item available</p>
