

SolarEdge Designer Basic Training

August 2021

Before We Begin

We will send you the recording

Submit your questions anytime. We'll answer them throughout the session

Please complete the survey at the end

Presenter

Carlos Garcia

National Commercial Sales Manager

Agenda

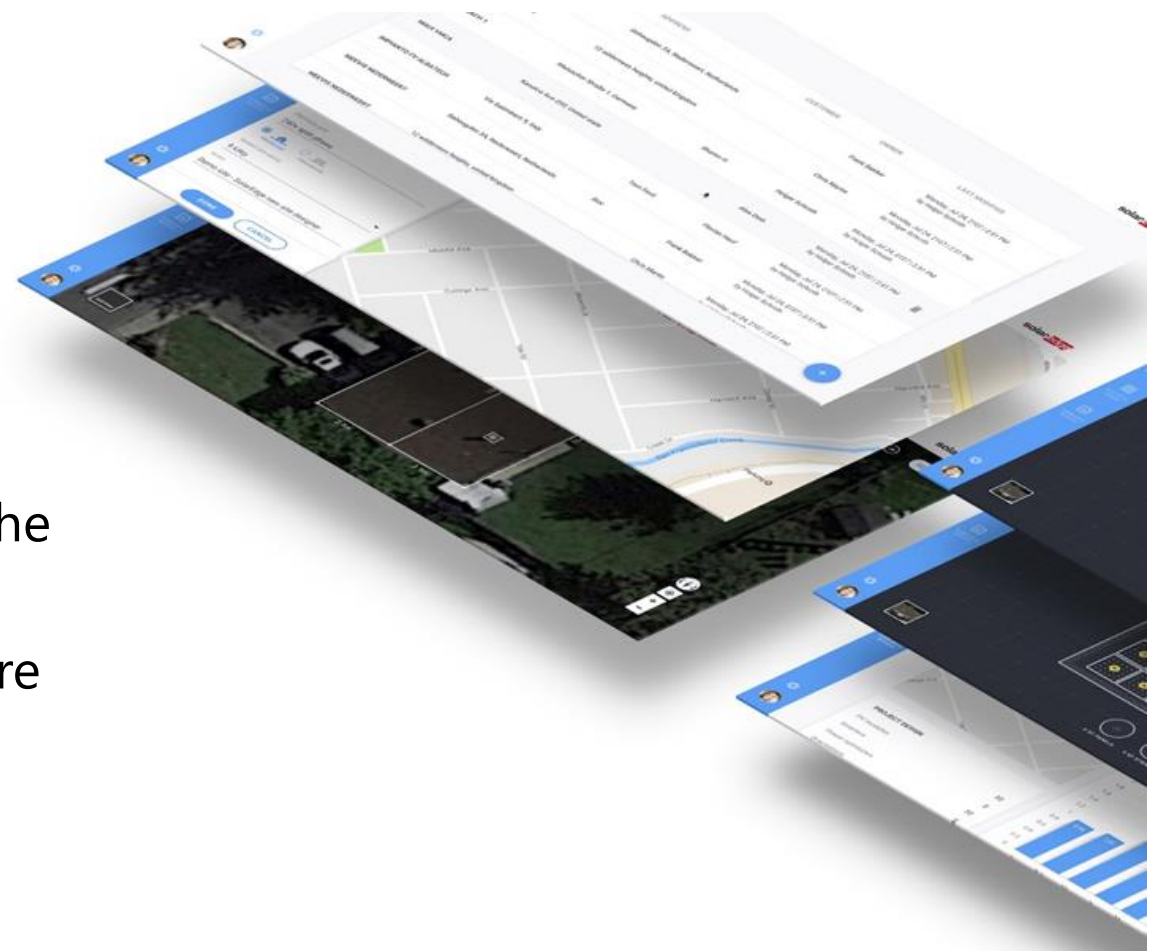

- ▮ Benefits of the SolarEdge Designer
- ▮ How to use Designer – Live Demo
- ▮ Summary
- ▮ Survey

Benefits of the SolarEdge Designer

Leading the Pack with Faster, Easier PV Design

- Free professional web-based design tool
- Plan, build and validate SolarEdge systems from inception to installation
- Fully integrated with the SolarEdge ecosystem
- Dedicated features for residential & commercial system design
- Provides interactive user feedbacks throughout the creation process
- Helps installer lower PV design costs & close more deals

Save Time & Money

- Free for SolarEdge installers
- Use satellite imagery
- Get instant design validation
- Maximise roof utilisation
- Design strings of different length, multi-orientations, and multiple module types
- No need for additional expensive design tools
- Guaranteed warranty compliance

Close More Deals

- Most cost-effective design with SolarEdge's latest product offering
- Accurate energy estimates matching the industry standard for solar project financing
- Customised design based on customer's electricity usage pattern
- More compelling customer proposals

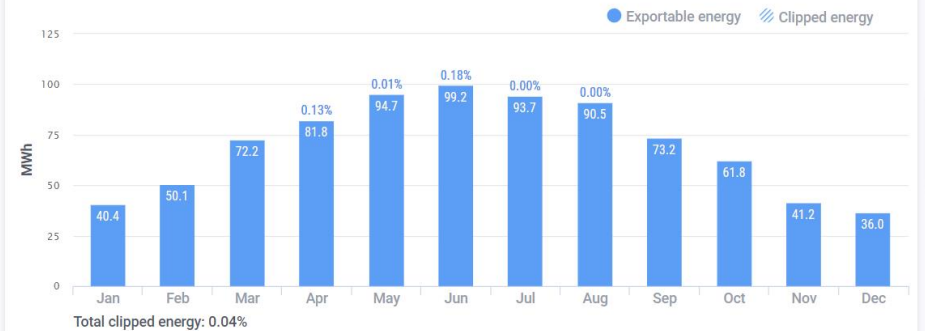

PROJECT DESIGN

PV modules	1609
Inverters	5
Power optimizers	805
Orientations	2

SYSTEM DATA

 Installed power 587.29 kWp	 Max achieved DC power 587.29 kW	 DC/AC oversizing 118 %	 Max active AC power 499.50 kW	 Annual energy 834.70 MWh
--	---	--	---	--

ESTIMATED MONTHLY ENERGY

How to use Designer

Three Key Takeaways from This Webinar

- 1 Save Time & Money**
Free tool with satellite imagery, verify componentry and design
- 2 Close More Deals**
Comprehensive reports
- 3 Easy Access and Seamless Integration**
Export a site design directly to the Monitoring Platform for quick site layout

Questions & Survey

Thank You!

Cautionary Note Regarding Market Data & Industry Forecasts

This power point presentation contains market data and industry forecasts from certain third-party sources. This information is based on industry surveys and the preparer's expertise in the industry and there can be no assurance that any such market data is accurate or that any such industry forecasts will be achieved. Although we have not independently verified the accuracy of such market data and industry forecasts, we believe that the market data is reliable and that the industry forecasts are reasonable.
